OFFICE OF INFORMATION TECHNOLOGY SERVICES

June 3, 2020

TO: Complex Area Superintendents
State Public Charter School Commission

FROM: Brook Conner
Assistant Superintendent and Chief Information Officer

SUBJECT: **2020 Summer Learning Program – Mobile Devices**

The Office of Information Technology Services (OITS) is supporting student mobile device needs for summer learning programs. Each Complex Area Superintendent has ordered a number of mobile devices to support schools that do not have enough devices for planned summer learning. OITS has been leading an effort to order, provision, and provide 10,000 devices for the 2020 Summer Learning Program.

A Frequently Asked Questions (FAQ) document is available at <https://bit.ly/sldfaq>. The FAQs are designed to include general information, guidelines, and procedures. OITS Staff will assist with the logistics of getting the devices to the summer learning sites. The FAQ document will be updated with status reports until all devices are shipped and received.

Should there be questions, please contact Hilary Apana-McKee, Instructional Technology Director, at hilary.apana-mckee@k12.hi.us or 808-564-9447.
