Teachers are reminded that they are allowed one transfer during the TATP period. When not selected for a vacancy, a teacher may continue to seek transfers to other vacancies following the same procedures. Vacancies created will be filled in accordance with the current *Guidelines for the Filling of Vacant Teacher Positions*.

2. **Positions Posted in TATP:**
   All positions occupied by probationary teachers in their fifth and sixth semester of probation, National Board Certified teachers in their last semester of probation, and general and special education positions occupied by non-licensed teachers, will be posted during TATP Posting #1.

   Teachers who are in their first, second, third, and fourth semester of probation including probationary teachers who have had their probation extended, will remain in their position. Their position will not be posted on the advertised announcements. As a reminder, however, probationary teachers will not remain in place if there is a displaced tenured teacher with a license for that position.

3. **Probationary Teachers Limited Transfer:**
   Probationary teachers in their fifth and sixth semester of probation and National Board Certificated teachers serving in their last semester of probation, may apply for vacancies listed only on the TATP Posting #1, including their current position if announced during this time. If a transfer is not consummated, these teachers will be re-employed to existing vacancies, in accordance with the established guidelines for filling vacant teacher positions.

4. **Advertising Anticipated Vacancies**
   Schools/offices may advertise anticipated vacancies due to resignations, retirements, or separation from service. Teachers are encouraged to inform their administrators of their upcoming resignations, retirements, or separations from service as soon as possible by
submitting the necessary documents by March 23, 2021, to the Office of Talent Management so anticipated vacancies can be included in the TATP Posting #2. Applicants seeking to transfer into these anticipated vacant positions must understand that it is a conditional transfer and can only be consummated if the position becomes vacant. Should it not become vacant the applicant will return to his/her former position.

5. **Consummating a Transfer:**
Teachers interested in consummating a transfer to a school must possess a current Hawaii Teacher Standards Board (HTSB) license in the subject and grade level of the vacancy being advertised.

Teachers interested in consummating a transfer to schools currently designated as Comprehensive Support and Improvement (CSI) and Targeted Support and Improvement (TSI) schools will be allowed to transfer, if they hold either a current HTSB license in the subject and grade level of the vacancy being advertised, or are highly qualified in the subject and grade level for that vacancy in accordance with the Every Student Succeeds Act. A listing of CSI and TSI schools has been included in the Posting Report for TATP Posting #1 and TATP Posting #2.

For more information regarding this subject, please refer to Guidelines regarding the movement of teachers between the DOE and Public Charter Schools which can be downloaded from the website listed below.
