

CHOICE BOARDS

Aloha Parents/Guardians,

The following Choice Board learning opportunities is provided to support your child’s continuity of learning while at home. These activities are for reinforcement and supplement your child’s learning.

[Teacher to insert link to specific choice board assigned.]

	English Language Arts	Mathematics	Science	Social Studies	Library
Online Option 1	Connect with science! Watch "Good and Bad Points of Mobile Phones" • Make a list of the good and bad points of having a cell phone. • What is your opinion of owning a cell phone? Write the details, facts, and quotations from others on both sides of the argument. • Share it with someone and ask what they think of the topic.	Go to Khan Academy 4th Grade Math Select a category you've already studied (left-hand menu). Choose a Topic of interest. Watch the Video Tutorials. Complete the questions under the Practice section.	Connect with social studies! With a grown-up do this learning activity: Places, Lands, and Waters Walk Talk with a grown-up about how wind and water can change the Earth over time. How do humans change the Earth over time? Include other people through a phone/video call!	Connect with science! With a grown-up do this learning activity: Taking a History Walk Think about the ancient Hawaiians who might have lived in your neighborhood. What <i>ahupua'a</i> are you in? What <i>moku</i> are you in? How do you think this place is different now compared to then? Discuss with other people through a phone/video call!	 Watch <i>You Don't Want A Unicorn</i> by Ame Dykeman: bit.ly/2VR802a Complete this comic! bit.ly/359T2Iq What would this unicorn have to say about Ame Dykeman's book? **Use your own paper or have an adult help you print this sheet.
Online Option 2	Connect with science! Sending Messages Read: The Secret of Cell Phones Readworks What did you learn about how cell phones send messages?	Practice your skills: • Adventure Man • Dungeon Dash Numbers (prime and composite) • Number Ninja Prime Numbers Read Time to Puck-er Up and complete the Little Kids and Big Kids problems.	Connect with ELA! Information can be transmitted in many ways . Design a way to send a message without an electronic device, using patterns in sound, light, or symbols. How does your way of sending a message compare to using a cell phone or TV?	What's in a name? You may know that the word <i>Waikiki</i> translates to "spouting water" in Hawaiian. But do you know how Hilo got its name or the original name of Kihiti? Find out more in this article . Try to find out the meaning of your street or neighborhood.	Watch this odd couple video: bit.ly/3ndxw32 Complete this "odd couple" comic! bit.ly/256ht18 **Use your own paper or have an adult help you print this sheet.

Directions:

1

Please have your child focus on the activities included in Grade ____ Week ____ for Days _____. Select ____ activities for each day.
Click on the link above.

2

Work together with your child to review the available choices and create a plan. You can also revisit choices from previous days/weeks that you did not try or want to try again.

3

Here is a tool to plan your assignments, capture documentation and to reflect on the learning: [CHOICE BOARD LEARNING LOG](#) (Click 'Make a copy').

Thank you for your role to support your child at home during this time. For questions, please contact me at _____.

Sincerely yours,
