Principals and Directors can access their online applications and complete the selection process utilizing the TATP Selection and Hire Process in eHR.

3. **Applying for Vacancies Utilizing the Online Application Process (Teachers)**
   Teachers interested in applying for any advertised vacancies in TATP Posting #1 and #2 will be required to submit an online TATP application for each position they want to be interviewed for. Teachers who are eligible to apply, but are not able to access the online application, should contact the Teacher Reclassification Unit at (808) 441-8383 for assistance.
The Online TATP Application Process will be accessible to teachers beginning **February 17, 2023**.

Teachers are reminded that they are allowed one transfer during the TATP period. When not selected for a vacancy, a teacher may continue to seek transfers to other vacancies following the same procedures. Vacancies created will be filled in accordance with the current **Guidelines for the Filling of Vacant Teacher Positions**.

4. **Positions Posted in TATP:**
   All general education and special education positions occupied by non-licensed and non-tenured teachers shall be posted except as noted below:

   Probationary teachers shall remain in their position for the first, second, third, and fourth semesters of their probation, including probationary teachers who have had their probation extended, and their position shall not be posted. However, as a reminder, a probationary teacher shall not remain in place if a displaced tenured teacher is in their school with a license for that position.

   All positions occupied by probationary teachers in their fifth and sixth semesters of probation and National Board Certified teachers in their last semester of probation should be posted during the TATP Posting #1 period.

   Each vacancy will only be listed once during the transfer period. If there is no qualified applicant, the vacancy will be filled by rehiring a qualified non-tenured teacher, if available, before moving to hire a new employee.

5. **Eligible Teachers**
   Tenured teachers are eligible to apply for advertised vacancies in TATP Posting #1 and #2. Probationary teachers serving in their fifth and sixth semester of probation and National Board Certified teachers in their last semester of probation may apply for vacancies listed only in TATP Posting #1, including their current position if announced during this time. If a transfer is not consummated, these teachers will be re-employed to existing vacancies, following the established guidelines for filling vacant teacher positions.
6. **Advertising Anticipated Vacancies:**
Schools/offices may advertise anticipated vacancies due to a resignation, retirement, or separation from service. Teachers are encouraged to inform their administrators of their upcoming resignation, retirement, or separation from service as soon as possible by submitting the necessary documents by **March 1, 2023**, to the Office of Talent Management (OTM), so anticipated vacancies can be included in TATP Posting #2.

Applicants seeking to transfer into these anticipated vacant positions must understand that it is a conditional transfer and can only be consummated if the position becomes vacant. Should it not become vacant, the applicant will return to their former position.

7. **Consummating a Transfer:**
Teachers interested in consummating a transfer to a school must possess a current Hawaii Teacher Standards Board (HTSB) license in the subject and grade level of the vacancy being advertised.

Teachers interested in consummating a transfer to schools currently designated as Comprehensive Support and Improvement (CSI) and Targeted Support and Improvement (TSI) schools will be allowed to transfer if they hold either a current HSTB license in the subject and grade level of the vacancy being advertised, or are highly qualified in the subject area and grade level for that vacancy in accordance with the Every Student Succeeds Act. A listing of CSI and TSI schools has been included in the Posting Report for TATP Posting #1 and #2.
